AN IMPORTANT NOTE:

Regardless of the Bar Package chosen, we reserve our right and responsibility to serve you and your guests in a safe manner. Regardless of option chosen, including Preset Bars, we may need to stop service to any guests for whom we believe it would be irresponsible to serve further. Preset Bars are always charged based on the entire guest count or the guest count guarantee for the party, whichever is greater. For all bar service options, we do not serve shots.

Consumption Bar

Consumption Bar service allows your guests to order beverages of their choice. Each beverage ordered will be added to the host's bill and charged at the end of the event based on that consumption. Sales must meet the food and beverage minimum.

Wine selections are recommended to accompany any consumption package. The Private Dining list is at the back of the packet.
